Designed to promote communication and the emotional connectedness that comes from a nurturing relationship of fundamental importance, *In Grandpa's Hands* celebrates the transcendent bond between Grandpas and their grandchildren. A unique teaching tool that not only helps children learn how to read, but is also a great help in bridging multi-generational gaps.

Beautifully illustrated, it features twelve simple, yet poignant, pencil drawings. *In Grandpa's Hands* is a work of art that communicates the reassurance of family love, a sense of well-being, and a sense of future.

Early praise for *In Grandpa's Hands* *A Child's Celebration of Family*

As a professor of Child Development, a former preschool and elementary grade teacher, and an observer of young ones for many years, I am pleased to endorse this beautiful book.

—Sharon J. Alexander, Ph.D., California State University, Department of Child Development

This is a poetic look at the beauty of all ages. As such, it is a potent reminder of who our parents are for us, their children, and who they are for the rest of the world.

—Michael GuntherMaher, M.D., Medical Director of Elder Care, Kaiser Permanente

*A welcome addition for families, helping to bridge multi-generational gaps. A pleasure to look at, *In Grandpa's Hands* presents a personal and intimate journey for child and grandparent.*

—Louise E. Glaser, M.D., Pediatrician, Fellow American Academy of Pediatrics (FAAP)

I can see this book being a wonderful instrument to gently, yet powerfully inspire children to think about their families.
